

# Want **CHANGE** to **THE WORLD**?

If you are one person in one congregation in one community in one corner of the world, the weight of trying to make a lasting, positive transformation could seem impossible. The great thing about Change the World weekend is that it highlights the connectional system of The United Methodist Church. We are never just one person or one church – we connect globally with each other. Participating on May 17-18 means showing our connectionalism as a whole denomination.

Look at the ministries your church already does well.

*Consider which ministries have the greatest capacity for growth. What could you do if you had the people to meet the passion?*
